

Birth Control Should Be FREE

For many, the cost of birth control is prohibitively high. But the cost of unintended pregnancy is higher.

Birth control is already fully or partially free in over 25 countries.

Join the movement. Make your voice heard. Get the government to make prescribed contraceptives free.

Sign the petition to support M- 65 here: ndp.ca/birth-control

Birth Control Fact: *Among heterosexual sexually active Canadians not intending to conceive, 15% use no contraception at all, and withdrawal remains the third most used contraceptive in Canada (<https://www.longwoods.com/content/24170>).*

NDP  **NPD** Motion M-65 sponsored by Irene Mathysen, NDP MP for London-Fanshawe.
